Re: Draft Class 3 Permit Modification
ILWD Landfill
Columbus, Indiana
IND980503775

Enclosed is a copy of the public notice that appeared on October 23, 2008, in The Republic, Columbus, Indiana. The Indiana Department of Environmental Management (IDEM) is announcing the availability for public review of a draft Class 3 Permit Modification to the Hazardous Waste Post-Closure Permit, pursuant to Rule 329 IAC 3.1 and 40 CFR Part 264, for Heritage Environmental Services (HES) as operator of the closed ILWD Landfill, Columbus, Indiana.

The permit modification adds toluene as a constituent to be monitored in the groundwater monitoring conditions of the Post-Closure permit. In addition, there is a minor change in the naming convention for groundwater samples.

Included for your information is a copy of the Fact Sheet. The draft permit modification for ILWD Landfill is available for public inspection and copying at the Bartholomew County Public Library, 536 Fifth Street, Columbus, Indiana and at the IDEM Virtual File Cabinet at: <http://www.in.gov/idem/>. Copies of the Permit Conditions and Fact Sheet may also be viewed on the IDEM web site at: www.IN.gov/idem/4852.htm. Copies of the draft permit modification may be obtained for ten (10) cents per page by contacting Mr. Doug Griffin at 317/233-2710.

The IDEM is accepting written comments on the draft permit modification for the closed ILWD Landfill. Comments must be postmarked by December 8, 2008, and should be sent to:
